Dhiraj Sawant

Java Developer • Spring Boot • Hibernate • Microservices • REST APIs

+91 7028954720 | sawantdhiraj699@gmail.com | LinkedIn | Portfolio

Professional Summary

Results-driven Java Developer with hands-on experience in Java, Spring Boot, Spring MVC, Hibernate/JPA, Microservices, and RESTful API development. Skilled in building scalable full-stack web applications using Angular, MySQL, and PostgreSQL, with strong foundations in OOP, Multithreading, Design Patterns, and the Collections Framework. Adept at database optimization and collaborating in Agile teams to deliver production-ready backend solutions.

Technical Skills

Programming Languages: Java, Core Java, Advanced Java, JavaScript, C, SQL
Frameworks & Libraries: Spring Boot, Spring MVC, Spring Framework, Hibernate, JPA (Java Persistence API), Angular, Bootstrap
Web Technologies: HTML5, CSS3, JavaScript, JSP, RESTful APIs, REST API Development, JSON, XML, MVC Architecture
Databases: MySQL, PostgreSQL, SQL Query Optimization, Database Design, JDBC
Tools & Platforms: Eclipse, IntelliJ IDEA, VS Code, Git, GitHub, Postman, Jira, Maven, Version Control
Core Concepts: Object-Oriented Programming (OOP), Multithreading, Exception Handling, Design Patterns, Collections Framework, Data Structures, Microservices Architecture, API Design, MVC Architecture, Agile/Scrum, Software Development Life Cycle (SDLC)
Testing & Debugging: Unit Testing, Debugging, API Testing (Postman), Code Review

Professional Experience

Junior Software Engineer Dec 2025 – Present
Cravita Technologies Pvt. Ltd. *Pune, India*

- Working on a real-time enterprise application under professional mentorship, contributing to backend development using Java and Spring Boot.
- Contributing to backend development and REST API implementation in a production environment, collaborating with cross-functional teams following Agile practices.
- Supporting debugging, code optimization, and database query tuning for enterprise-grade Java applications.

Full Stack Java Training Jul 2025 – Dec 2025
Fortune Cloud Technologies Pvt. Ltd. *Pune, India*

- Built end-to-end full stack web applications using Java, Spring Boot, Angular, HTML, CSS, and JavaScript.
- Learned Core and Advanced Java concepts including OOP, Collections Framework, Multithreading, and Exception Handling.
- Optimized SQL queries and database performance using MySQL and PostgreSQL.

Projects

Hotel Booking System – *Java, Spring Boot, JSP, Hibernate, PostgreSQL, Bootstrap*

- Developed a full-stack hotel booking web application with secure user registration, login, and room reservation functionality.
- Implemented real-time room availability tracking and end-to-end online booking management.
- Built an admin dashboard to manage rooms, bookings, customers, and hotel inventory using Spring MVC architecture.
- Used Hibernate/JPA for object-relational mapping and PostgreSQL for persistent data storage.
- Designed responsive, mobile-friendly user interfaces using JSP, HTML, CSS, and Bootstrap.

Homesteader – Smart Agriculture Platform – *Java, Spring Boot, PostgreSQL, HTML, CSS, JavaScript, Bootstrap*

- Developed a smart agriculture platform delivering crop recommendations and farming guidance to end users.
- Implemented irrigation scheduling and fertilizer advisory features to support data-driven farm management.
- Integrated weather-based recommendation logic to support agricultural decision-making.
- Designed a responsive, mobile-friendly UI using Bootstrap and JavaScript.
- Developed and consumed RESTful APIs using Spring Boot, with PostgreSQL for backend data management.

Education

Bachelor of Computer Applications (BCA) – ASC College, Sonai (2022 – 2025)
Higher Secondary Certificate (HSC) – Jijamata College, Bhenada (2019 – 2021)
Secondary School Certificate (SSC) – Jijamata Public School, Bhenada (2018 – 2019)

Certifications

- Full Stack Development – A2Z IT Hub
- Full Stack Java Development – Fortune Cloud Technologies
